

# 4592 TIMBERLINE CRESCENT THE TAYLOR HOUSE

The base lifts are a 7 minute walk from the door of this comfortable, 5 bedroom chalet. From the back deck, only a quiet lake and the base of the ski area lie between you and a view of all five ski area bowls. At night, watch lights of the snow cats grooming the mountain as you dine at the eight-foot harvest dining table. Aside from a spacious living room, it is equipped with a downstairs family room with tv and wet bar.
